EXPERIENCE

Rentvine

May 2025 – Present · Remote

Senior Product Designer

- Primary designer for the accounting team, leading design of complex financial workflows for a modern property management platform.
- Collaborates closely with engineers and product managers to translate accounting requirements into intuitive, user-friendly interfaces.
- Contributes to design system standards and advocates for UX best practices across the organization.

Ziff Davis Shopping

January 2024 – May 2025 · Remote

Senior Product Designer

- Led design of product initiatives that brought cash back buyers and new member sign-ups to the RetailMeNot site.
- Launched cash back offer upsell that generated an additional 15,000 activations per month.
- Promoted user research by hosting watch parties & sharing user findings across the team.

Cars.com

July 2021 – December 2023 · Remote

Product Designer

- Led design of the "Sell Your Car Privately" project from inception to completion — 400–500 new listings created daily on average at launch.
- Also worked on native app versions (iOS and Android) that launched in summer of 2023.
- Updated the admin tool to manage private listings and advocated for continuous user testing.

Benjamin Moore

April 2021 – July 2021 · Remote

UX and Product Designer

- Worked closely with product managers and engineers on company initiatives including improving and redesigning the homepage, store locator, and customer chat flow.
- Improved the organization's component library and mentored designers on Figma best practices.

Wyndham Destinations

April 2019 – April 2021 · Parsippany, NJ · Remote

Senior UX Designer

- Redesigned the Club Wyndham checkout funnel, leading to a 24% increase in e-commerce conversion rate.
- Part of the core team that created the company's first design system.
- Mentored and on-boarded junior designers.

IMC

September 2017 – July 2018 · Holmdel, NJ

Digital UX/UI Designer

- Led design projects and collaborated with copywriters, account managers, and engineers for Thermo Fischer Scientific and GAF.

Costello Creative Group

October 2014 – April 2017 · Woodbridge, NJ

Digital Designer

- Led various design projects including landing pages, digital mockups, email marketing, and websites for various companies.

Apple Inc.

September 2005 – October 2015 · Short Hills, NJ

Creative

- Trained customers and co-workers on the latest Apple products and facilitated Apple workshops.
